

Muhammad Saad Zeb

Frontend Developer — React & Next.js

+92 345 969 8777 — msaadzeb18@gmail.com — Peshawar, Pakistan

Portfolio — LinkedIn — GitHub

Professional Summary

Frontend Developer with 1+ year of professional experience building modern, responsive, and scalable web applications using React.js and Next.js. Strong in converting Figma designs into high-quality UI, integrating REST APIs, and writing clean, maintainable code. Experienced in working with international remote teams and delivering real-world production applications.

Skills

Languages: JavaScript (ES6+), Python

Frontend: React.js, Next.js, Redux, React Query, Tailwind CSS, Bootstrap, Ant Design

APIs & Data: REST APIs, Axios, Fetch

Tools: Git, GitHub, Figma, VS Code

Concepts: Responsive Design, UI/UX, Component-Based Architecture, Performance Optimization

Work Experience

Frontend Web Developer — JUglobal (Private Limited), Shanghai, China (Remote) Jan 2025 – Present

Building responsive and user-centric web applications using React.js, Next.js, and Tailwind CSS. Translating UI/UX designs into scalable and high-quality code with strong focus on performance and usability. Collaborating with designers, backend developers, and product managers to deliver seamless user experiences. Integrating REST APIs for dynamic data handling and implementing global state management using Redux. Optimizing application performance and ensuring cross-browser compatibility.

React.js Developer — Techcraft, Islamabad (Remote) Jan 2024 – Jan 2025

Built and maintained responsive interfaces for production web applications using React.js and Tailwind CSS. Developed 15+ reusable UI components to improve development speed and consistency. Integrated REST APIs using Axios and Fetch. Implemented state management using Redux and React Hooks. Collaborated with backend developers to connect frontend with Node.js and MongoDB services.

Web Developer — SMIT (Saylani Mass IT Training), Peshawar Oct 2023 – Dec 2024

Developed responsive web applications using HTML, CSS, JavaScript, and React.js. Implemented interactive UI components to improve user experience. Worked with REST APIs to display dynamic data. Practiced version control using Git and GitHub. Gained hands-on experience in debugging, testing, and deploying web applications.

Education

BS Computer Science — University of Peshawar, Pakistan

GPA: 3.6

Projects

NestMart — E-Commerce Platform Developed a fully responsive e-commerce web application using React.js and Tailwind CSS. Implemented product search, category filtering, cart functionality, and clean UI. **Live:** <https://nest-mart-oesx.vercel.app/>

FoodTuck — Food Ordering Platform Built a food ordering platform using React.js and Tailwind CSS with dynamic product browsing and cart functionality. **Live:** <https://foodtuck-edu123.web.app/>

Random User Explorer Created a React.js application consuming the Random User API with pagination, filtering, loading shimmer effects, and dynamic query parameters. **Live:** <https://random-user-explorer-delta.vercel.app/>
