Summary

Frontend Developer with 2+ years of experience building responsive, high-performance websites and web applications using React.js, Next.js, and TypeScript. Skilled in developing cross-platform mobile applications with React Native and Expo, integrating REST APIs, and creating reusable UI components. Proficient in using AI-assisted development tools to accelerate implementation, debugging, and refactoring while maintaining code quality.

Skills

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Web Development: React.js, Next.js, Vue.js, Tailwind CSS, React Query, Material UI

Mobile Development: React Native, Expo, Cross-Platform Applications

Backend & APIs: Node.js, Express.js, MongoDB, REST APIs, Axios (only basics)

AI-Assisted Development: AI Coding Tools, Prompt Writing, AI-Assisted Debugging and Refactoring

Tools: Git, GitHub, Vercel, VS Code, Figma

Experience

Frontend Developer — Khan Home Digital Solutions

Jun 2026 – Present

Full-time — Islamabad, Pakistan — On-site

- Develop and maintain responsive, high-performance e-commerce websites using React.js, Next.js, and TypeScript.
- Build cross-platform mobile applications using React Native and Expo, delivering consistent shopping experiences across web and mobile.
- Develop admin dashboards for managing products, inventory, categories, orders, and business operations.
- Integrate REST APIs to connect storefronts, mobile applications, and dashboards with backend services.
- Collaborate with designers and backend engineers to deliver new features, optimize performance, and maintain reusable UI components.

Frontend Developer — Swift Roc

Jan 2024 – Aug 2026

Full-time — Peshawar, Pakistan — Remote

- Built scalable React.js and Next.js applications for international clients.
- Developed an interactive admin dashboard featuring real-time analytics and KPI visualization.
- Created reusable component libraries that accelerated feature development.
- Integrated REST APIs and optimized application performance using lazy loading and code splitting.
- Delivered responsive, production-ready interfaces from Figma designs.

Projects

Khan Home Floral Line E-Commerce Platform

Live Demo

- Built a modern e-commerce platform using Next.js 16, React 19, TypeScript, and Tailwind CSS v4.
- Implemented English and Arabic localization with RTL layouts.
- Managed persistent cart and authentication state using Zustand.
- Integrated TanStack Query for caching and background data synchronization.
- Created interactive interfaces with Framer Motion animations, custom loaders, and carousels.

Khan Home Building Material E-Commerce Platform

Live Demo

- Developed a responsive building materials e-commerce website using Next.js.
- Implemented full user authentication, including registration and login.
- Built shopping cart features for adding products and updating quantities.
- Integrated Stripe payments for secure online checkout.
- Created English and Arabic layouts with RTL support across mobile, tablet, and desktop.

Khan Home Digital Solutions Company Portfolio

Live Demo

- Built a company portfolio website using Next.js to showcase services and projects.
- Implemented English and Arabic localization with RTL support.
- Added dark and light themes for a personalized browsing experience.
- Created smooth animations and interactive transitions using Framer Motion.
- Delivered fully responsive layouts across mobile, tablet, and desktop.

SwiftRoc Portfolio

Live Demo

- Developed a modern corporate portfolio using Next.js, Tailwind CSS, and reusable components.
- Optimized performance, accessibility, SEO, and responsive design across devices.

Education

BS Computer Science — University of Peshawar

GPA: 3.3
